JOB PATH

The Arc
Monroe
New York

Quick Facts:

- We have over 45 years experience in Supported Employment
- We work with over 200 employers in Monroe County
- We support people in a wide variety of competitive employment industries

JobPath

Job Path, the largest employment program in the region, supports more than 400 people with a wide variety of disabilities including people with intellectual or developmental disabilities (IDD), Autism Spectrum Disorder, and learning disabilities.

Our Supported Employment Service is a great option for those looking for hands-on employment support. People are paired with an Employment Specialist who works with them every step of their employment journey.

How it Works:

Step 1 — Work with an Employment Specialist one-on-one to get job-ready: resume creation, job seeking skills, and interview preparation.

Step 2 — Support you with developing a competitive employment opportunity that best matches your individual interests and skills.

Step 3 — Once employed, we provide assistance through on-the-job check-ins, communicating needs with supervisors, and individualized job coaching to ensure job satisfaction and success.

Eligibility

- Must be eligible for ACCES-VR or OPWDD Waiver
- Must be capable of working independently in the community
