ROC YOUR FLIGHT

The Arc
Monroe
New York

Quick Facts:

- No cost to participate
- Available to any flyers
- Takes place multiple times/year
- Up to 15 people per session

ROC Your Flight is an Arc of Monroe service available to the community.

ROC Your Flight prepares people with I/DD and their families for flying commercially out of Rochester. Traveling through a busy airport can be stressful, so we collaborated with the TSA and Greater Rochester International Airport to create a hands-on event that makes flying fun and easy.

How it Works:

Participants meet at the Rochester International Airport after regular business hours and are guided through all the typical traveler's experiences from checking in and going through security to boarding the plane and collecting baggage.

Eligibility:

- Must have valid identification
- Pre-registration required

To learn more about this service, contact the Community Outreach Coordinator at (585) 672-2222.
